David:

We are fine with Frank's suggestion on timeframes for completing pleadings regarding the SCCTA motion. However, it is premature at this time to talk about where we go from there, and think a brief status conference should be held after the pleadings are in to discuss next steps.

Thanks, Frank. What do the other parties think of the new proposal?

David:

May I suggest an alternative to the status conference? As Peg's email notes, I have a motion pending that addresses the only remaining issue that I am aware of in this docket, so there probably isn't a real need for a status conference. I propose instead that the parties agree to a schedule for completing the briefing of that motion and that we schedule an oral argument before the Commission on it. I propose that any party that wants to file a response to the motion do so by July 1 and the SCCTA reply be filed by July 10. I would ask that you try to find us a time to schedule an oral argument before the Commission on the motion.

Frank
